

Guided Pathways & Integrated Student Support Overview Communication Guide

KEY MESSAGES

- **Definition — Guided Pathways and Integrated Student Support ~**
 - Guided Pathways and Integrated Student Support is based on structured educational experiences that guide students from connection to graduation.
 - This model helps clarify paths to student end goals, monitors student progress and intervenes to ensure students stay on track, and learn what they need to be successful.
- **Why the Need for Guided Pathways and Integrated Student Support?**
 - **Students face many challenges:**
 - Too many choices and little guidance
 - Unclear path to end goals
 - Excess/unnecessary credits earned
 - Taking too much time to complete program
- **What is Guided Pathways & Integrated Student Support?**
 - **Students are given support to . . .**
 - explore careers early on
 - choose a program of study
 - develop a clear path based on their goals
 - **This approach . . .**
 - simplifies student decision-making
 - allows colleges to provide predictable schedules & frequent feedback
 - helps students stay on the path to educational goals
